3.0 New Business:

3.1 Greg and Jeff gave an update on the new trap receivers. Some traps have receivers on the trap. Advantages are numerous as there are no cords lying in the field. They have been in use for a couple years and work very well.

3.2 Black Hawk wants to build some target holders out of metal. There was discussion about problems that may occur with that type of construction. They will make a sample target holder for consideration.

3.3 Jeff notified us that there will be a range day on Saturday, August 15th.

3.4 There will be a Hunter's Tour meeting this Saturday at Rochester Brooks.

3.5 Jeff reported that one of the lawn mowers is getting past its useful life. He plans on purchasing a new mower to replace it next year.

3.6 Jeff suggested if you are looking for something to do you can pull weeds around the stations (where the mower can't fit). Just leave the weeds in the lawn and the mower will mulch them.

Greg Hiller made a motion to adjourn the meeting at 7:30 PM. Motion approved.
